

MAG energy

A new slot for MAG's younger members

Er... no we have not started selling petrol or started an energy saving campaign.

MAG ENERGY is YOUR SPACE – FOR YOU – BY YOU . . .

but only if you are under 25 years old. I have been a MAG member since I was 8 and am pleased that MAG Energy have now changed the membership categories. **MAG Juniors** is for up to 7year olds, **MAG Midis** is for members 8-15s, and **MAG members** - where we get to vote on proposals – if you are 16 and upwards. But MAG Energy want to hear from everyone under 25 - what we know and what we have to say, and what is happening in our personal biking world. Got any bike issues?

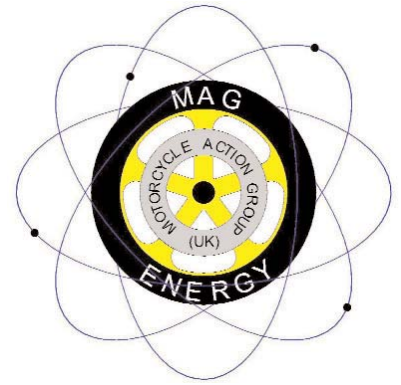

Me, I am into mini moto racing and am impatiently waiting for the racing season to start. Our team **MAG Sport J's** is taking part in a specially created league at Norfolk Arena, and if you live in Norfolk you can enter a team with bike and all provided completely free – email on fastbike@supanet.com for an info pack or check out

<http://www.magsport.com/magsportjuniors07>
I am the one in the cats ears! I also help out on the MAG stands and have been to some pretty kool shows and race meets. What do you get up to? Do you want to be featured in this space? Send in a write up on you and your bike and where you ride it to fastbike@supanet.com

GOT A MECHANICAL PROBLEM – DON'T KNOW HOW TO SOLVE IT ?
Drop a line to **Spannerboy** our top professional bike mechanic – if he can't solve it – no-one can! Email: fastbike@supanet.com

INSIDE THE HEAD OF a 17 year old Racer. Track him on <http://www.magsport.com/alexgault07.html>
We asked Alex how he got into racing 'We wanted to race and as my dad had raced go-karts when he was young, the first thing we looked at was karting. However racing them turned out to be too expensive for us. Then I saw an advert in a local paper for hire and ride Mini moto's. Having never gone on a bike with an engine before I was fairly rubbish, but never fell off. I enjoyed the day and following that my Mum and Dad bought a second hand one for me and my brother. Shortly after that we started racing. It all worked out really well,

seeing as my brother was in a different group due to his age, we were able to race using only the one bike. I think I was lucky to begin racing on minibikes, as they are undoubtedly, the best place to learn the basics of riding a bike and even

MAGsport's Alex Gault (right) with father and . . .

the more technical skills needed in racing, such as race craft'. Got a question for Alex to be featured in the next issue? – mail it to fastbike@supanet.com
